Hi Daniela, yes (!) LAPD will be in attendance - we are planning to meet. I am copying Officer David Romo from LAPD's HOPE car for Hollywood.

TO: all (I am cc:ing my team, as they helped me prepare the agenda items below)

To assist with preparations for the meeting, we are hoping to review some case studies with the DMH team, to ascertain why some people were not considered appropriate referrals or could not be located, etc. To help with preparations, here are some cases we went through (let me know if you need birthdates or other data):

Did not meet criteria/referred to other services

- * Jose Riofrio (before recent incarceration)
- * Richard McFarthing
- * Marcus Wells
- * Len McClendon
- * Rebekka Lewis
- * Jeshua Aziel

Question:

Are there examples of someone who did meet criteria? (What should we be looking for when making these referrals?)

Does a 72 hour hold disqualify someone?

Does incarceration disqualify?

What other services are individuals referred to? How are those cases tracked? How can we be brought into the loop on this?

Case Closed - Unable to Locate

* Casey Bush

* Jonathan Martin Chang

Question: in Hollywood, we will make every effort to locate someone (between the LAPD and the BID). Can we set up a system to alert us? Why would a case be closed so soon after the referral?

Pending Presentation

* Evelyn Walker

Question: what is the sequence followed by DMH/AOT team when considering a referral? What is the timeframe? Who is the conduit for updates/information?

Alternative Diversion - or Case Closed/Incarcerated

* Peter Nolan

* Dominique Callentano

Question: are there alternatives for diversion available through the court systems? Several people on our Top 14 have been arrested - what is the interface with the courts?

Finally, there was an original list submitted by LAPD at the very beginning, when the program was first rolled out. I am attaching it. The names in yellow showed up on some subsequent DMH lists, but others did not. We want to understand what happened in this case. Again, as a community, we don't want to overwhelm DMH with inappropriate referrals - so we hope this conversation will be helpful to all of us as we continue to understand how this program works.

Thank you for your assistance in setting up this meeting.

Kerry

Hi all,

Just checking in on the status of this meeting. I believe we were waiting on LAPD, before confirming?

Thanks,

Daniela

Hi friends, this date works for our team as well - although just waiting to hear back from LAPD. Let's go ahead and book this date to hold. I am happy to send out a calendar invite...just need instructions on best place to park if we drive downtown.

March 14, 3 - 4 p.m.

Many thanks - looking forward to this meeting, and I'll send you some of the case studies that came up in our meeting yesterday, so you can be prepared.

Hi all,

Molly and Elan are available to meet March 14th 3-4pm, and I can reserve our conference room at the HOA (500 W. Temple Street Room 821). Does work?

Thanks,

Subject: Meet with our Hollywood AOT team - week of March 14

Hi Molly and LaTina,

As you know, we have a subcommittee of our Hollywood 4WRD group who has been tracking some of the individuals referred for AOT since last September, when we first became aware of the new resources available at DMH. Now that six months have gone by, we'd like to have a meeting with the appropriate people at DMH to help us understand better how to interact with these teams and what expectations are reasonable for us to hold.

We had a meeting today to review the original list of about 30 people referred by LAPD to DMH/AOT team. Of particular interest to us is to understand some of the case dispositions, including:

- * "did not meet criteria"
- * Case closed; could not locate
- * Referred to other services

WE know this program is new and just rolling out, and there is a lot of learning involved with respect to all parties. We are hoping that our intimate knowledge of so many individuals in our community, coupled with the criteria applied by the AOT team who makes these determinations, might help this program succeed. For example, if too many people were referred for consideration by the AOT team, then we can pull back and decrease the load on DMH having to review cases that will not meet criteria.

As we discussed at the very beginning - with three teams operating now (AOT, MIT, and MTT) we are trying to ascertain how to work within the parameters of each.

In this meeting, I would have

- * LAPD HOPE car rep
- * Neighborhood Prosecutor
- * Supervising city attorney Homeless Engagement and Response Team (HEART)
- * PATH
- * Housing Works Top 14 team

Here are two options for a meeting - please let me know if either or both would work (and Molly, we know how busy you are, and are looping you in as a courtesy)

March 14, Monday, afternoon

March 15, Tuesday, all day

Many thanks!

P.S. I will send you a list of individuals who fall into the various categories above, so that you would have that in advance to research.
